## Creative Learning Workshops for EYFS & Primary Schools

The Lowry's Creative Learning programme is designed to meet the needs of you as a teacher and your pupils. We aim to work closely with teachers to create a varied and diverse offer for schools, linking to many areas of the curriculum.

Whether your class are studying their community, The Tudors, LS Lowry, the Environment or Mindfulness and Wellbeing we can create a workshop or experience specific to your class.

Our aim is to provide for your needs! Let us know what it is you need to meet your student's objectives and enhance their creative education and we will provide this for you.

# Teachers' Resources

## Teachers Advisory Panel

Our [Teachers Advisory Panel](#) is an opportunity for you us to work directly with teachers to ensure The Lowry's schools offer is relevant and what you need. By working with a variety of teachers from across the region we aim to improve our existing offer. This is a great opportunity to network with other teachers in an informal and creative environment, gain access to special offers at The Lowry and up to date information about what is on offer for schools at The Lowry.

To join please email [Emily.harwood@thelowry.com](mailto:Emily.harwood@thelowry.com)

## Artsmark

Are you working towards achieving Artsmark? Or are you considering applying? We can help! We are looking to support and partner with schools to help you achieve Artsmark.

If you would like to work with us please contact [Emily.harwood@thelowry.com](mailto:Emily.harwood@thelowry.com)
