THE LOWRY

Welcome

The Lowry is committed to working with education providers and young people to provide access to the arts.

Tapping into the work on our stages and in our galleries, we offer thousands of creative opportunities. If you are coming to see a show or studying a text we can support you to explore it.

Our Creative Learning programme is designed to meet the needs of you as a teacher and your pupils. We aim to work closely with teachers to create a varied and diverse offer for schools linking to many areas of the curriculum. Whether your class are studying Shakespeare, Storytelling, Physical Theatre, Comedy or Mindfulness and Wellbeing we can create a workshop or experience specific to your class. Our aim is to meet the needs of you and your students.

We also help support young people who are NEET or at risk of being NEET through structured placements as part of our commitment to enriching and supporting the lives of young people across Salford and beyond.

We look forward to hearing from you.

Emily Harwood, Learning & Participation Manager at The Lowry

Teachers' Resources

Teachers Advisory Panel (TAP)

Our **Teachers Advisory Panel** is an opportunity for you us to work directly with teachers to ensure The Lowry's schools offer is relevant and what you need. By working with a variety of teachers from across the region we aim to improve our existing offer. This is a great opportunity to network with other teachers in an informal and creative environment, gain access to special offers at The Lowry and up to date information about what is on offer for schools at The Lowry.

To join please email Emily.harwood@thelowry.com
