Welcome

Creative Learning Workshops for EYFS & Primary Schools

Our Creative Learning programme is designed to meet the needs of you as a teacher and your pupils. We work closely with teachers to create a varied and diverse offer for schools linking to many areas of the curriculum. Whether your class are studying British values, The Great Fire of London, LS Lowry, the environment or mindfulness and wellbeing we can create a workshop or experience specifically for your class.

Workshops

Our Creative Learning programme is flexible and diverse, allowing you to explore a variety of topics through different art forms. Our aim is to meet your needs – let us know what you need and we will facilitate this for you.

Early Years

We support the EYFS curriculum by delivering workshops through movement, visual art and drama to enhance communication, language, literacy and numeracy alongside developing a wider understanding of the world around them. During the workshop the children work with a professional artist and can explore topics such as transport and travel, recycling and the environment and many more.

1.5 hours (this can be 2 groups doing 45 minute workshops)

Price £80 (£72 Salford postcode) or £100 in your setting

If you would like to discuss in more detail please contact Iain Black on 0161 876 2105.

LS Lowry Workshops

During these workshops your class will work with a professional artist to explore the work of LS Lowry. During the workshop the artist will take the children into the

Galleries to see the artworks and then create a response to what they have seen.

Our LS Lowry workshops are themed around his Industrial Scenes, Landscapes and Portraits; exploring perspective, proportions and creative responses.

All LS Lowry workshops can be explored through dance, drama or visual art.

Social History and British Values – LS Lowry

Working with a professional artist your class will explore Britain pre and post-World War 2, Britain at work, Britain at Leisure and Play and exploring the British Isles. Focussing on the work of LS Lowry as a stimulus for discussion your class will use the life and work of LS Lowry to help set context for these topics.

Each workshop is tailored to individual classes.
